

Dear Sirs, It has come to my attention that the National Ass. of Broadcasters is lobbying against satellite radio.

I am a tractor trailer driver and benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I, respectfully urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I demand and deserve.

Thank you for your time,  
Michael R. Magoto
